- Nuestra Filosofía

Estimado lector:

Ciudad de México

Permítame presentarle una excelente opción para su empresa, en materia de productos acabados en materiales de Polímeros (Acrílico, PET, Policarbonato, etc.).

Nuestra experiencia data de más de 35 años, fabricando piezas, muebles, artículos diversos y diseños tan creativos como la imaginación lo determina.

Usamos los polímeros de la más alta calidad en sus distintas presentaciones como el Acrílico, PET, PVC, Policarbonato, Plásticos y otros Polímeros para cumplir con diseños, incluso a capricho.

Podemos maquilarle las distintas partes que componen los equipos, maquinaria, muebles y refacciones que ustedes proveen a sus clientes. Fabricamos su propio diseño y su propia marca. Respetuosos de las Normas Oficiales internacionales en materia de producción "Just in time", trabajamos con los más altos estándares de calidad, precisión y puntualidad.

Empresas de talla internacional como General Motors, Fandelli, Jaguar de México, Chrysler, Volkswagen, Nissan, Bristol Myers, Sanofi Aventis y Eurest, entre otros, respaldan nuestro trabajo. Conozca algunos productos y diseños que dispone con nosotros.

En espera de que nos dé la oportunidad de servirle, le agradecemos de antemano el apoyo y en virtud de ello quedo de usted, no sin antes enviarle un cordial saludo.
